DR Myrg: The medicine ordered came to hand safely. I must say that the medicine, so far as used, gives good satisfaction. It is my impression, and that of others, that it will entirely supercode the use of Townsead's trash. Mrs. Green, in my vicinity, is using it. She has been laboring under consumption for the last year, and with the use of the different mostrums of the day. Even Cod Liver Oil has been used without any benefit; but she does find benefit from the use of the Dandelion, Wild Cherry, and Sarsaparills.
